

**RULES FOR PRINCE WILLIAM COUNTY REFUSE HAULERS DELIVERING
PRINCE WILLIAM COUNTY WASTE TO THE FAIRFAX COUNTY I-95
ENERGY/RESOURCE RECOVERY FACILITY (E/RRF)**

Effective September 1, 1993

Date Last Amended: September 1, 2007

1. Haulers using the I-95 E/RRF must follow the facilities rules as promulgated by Fairfax County. All users are also subject to the Prince William County Solid Waste Facilities Regulations.
2. Haulers may only deliver approved amounts of waste to the I-95 E/RRF. All amounts must have prior approval of the Prince William County, Department of Public Works before delivering to the I-95 E/RRF. The County may limit the amounts of waste each fiscal year a refuse hauler may deliver to the I-95 E/RRF. Any amounts delivered over the limits established will be subject to tipping fee charges of \$45.00 per Ton. Delivering waste to the I-95 E/RRF may be suspended for periods of time to accommodate maintenance activities or for other reasons deemed necessary by the County.
3. Vehicles are subject to inspection at any time. Upon request of the Fairfax County or Prince William County Inspector, trucks may be directed to a specific area on the tipping floor for examination of waste being delivered.
4. If a hauler is claiming to be delivering waste from Prince William County under Prince William County's account and upon inspection of the load, the load or part of the load was found to be from a jurisdiction other than Prince William County, then the following action will be taken:
 - a) Section 100.13 Penalties for Violation of the Prince William County Solid Waste Facilities Regulations will be followed.
 - b) The haulers privilege to deliver waste to the Fairfax County I-95 E/RRF will be suspended. The hauler may apply for permission to continue delivering waste to the I-95 E/RRF after six (6) months.
5. Fairfax County may suspend any hauler from delivering waste to the I-95 E/RRF if any of the facilities' Rules and Regulations are not followed.
