

Prince William County Solid Waste Division Backyard Composting Program

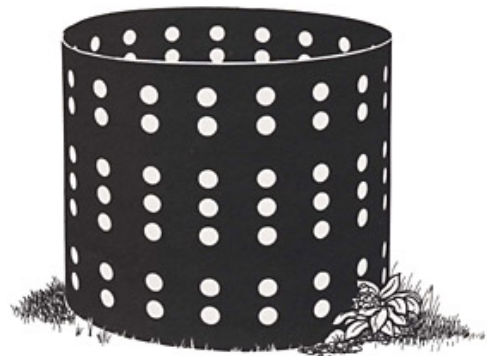

Composting turns yard waste such as leaves, grass and other organic materials into a rich soil amendment that can be used in your yard saving valuable landfill space. The Prince William County Solid Waste Division offers the Presto Geobin compost bin to residents for \$20.

Features:

- Lightweight plastic hoop-style bin
- 36" in height and adjustable to 3 ft. in diameter
- 17.6 cubic feet (0.65 yards) capacity
- Easy to assemble and includes instructions for composting
- Holds compost neatly in place
- Ventilating holes admit air and moisture

Where to Purchase:

Development Services Building
Solid Waste Division (Suite 250)
5 County Complex Court
Prince William, Virginia 22192
(703) 792-4670
