VISION

The Prince William County Public Safety Training Center (PSTC) strives to deliver the highest quality, state of the art, and most comprehensive training programs and services to our uniform and non-uniformed members within our fire and EMS service. The PSTC training programs enable our fire and EMS service members to become the best trained, best prepared and most effective emergency response force in the Northern Virginia Region.

MISSION

The Prince William County Public Safety Training Center (PSTC) will deliver a wide variety of services to firefighters, emergency responders, and the citizens of Prince William County. The PSTC advances public safety through firefighter and EMS training, education, fire prevention, investigative, special operations, technical rescue programs and leadership and management courses. The timely delivery of these essential services enables the PSTC to make significant contributions to the safety of our personnel and to the citizens of Prince William County.

VALUES

Unity
Ultimate Performance
Personalized Delivery

**Note:** Dates of classes contained in this course catalog are subject to change due to external causes (contractors, state requirements, etc.), facility or resource needs, or other issues beyond the Public Safety Training Center staff’s control.
Public Safety Training Center

Please obey the speed limit signs.
While the speed limit on Carriage Ford Road is 45 m.p.h., we ask that you try and maintain a speed of 35 m.p.h. We would appreciate it and so would the citizens residing along this road.

Please park in the appropriate lot.
The parking area for those attending classes is designated as the spaces in front of the building near the flag poles. Please refrain from parking in the lot behind the building as the staff needs those spaces for both county and personal vehicles.

Please adhere to the dress code of the Academy.
Either a uniform or casual attire is acceptable. No shorts, obscene or offensive T-shirts or open toe shoes are permitted during training classes. On-duty career personnel shall wear a class “C” uniform unless otherwise directed.

Please follow classroom rules.
Please turn pagers and cell phones to the silent or vibrate mode. Tables and chairs should be returned to their original positions at the end of each class.

Please make proper use of our phones.
Telephones for general use are located in classrooms and the student break area near the vending machines. When making a local call from County phones, you must dial “9” before dialing the number you wish to call.

During breaks, it is the student’s responsibility to check with the Administrative Staff in the office area to receive any phone messages which may have been taken.

Immediately notify the staff duty person if you or someone in your class is injured while at the Public Safety Training Center.

After hours phone numbers:

Staff Duty Portable Phone: 703-792-4487
Class Cancellation Line: 703-792-6498
From I-95 and I-66
I-495 to I-66 West, Take exit 44 which is VA 234 bypass, to VA 28 South. Follow VA 28 (Nokesville Rd) through three traffic signals. Go to fourth traffic signal at Fitzwater Drive. Turn left onto Fitzwater Drive. Cross railroad tracks and go to stop sign. Turn right onto Aden Road (S.R. 646). Go approximately 1.5 miles to right onto Carriage Ford Road. Travel approximately 2 miles to Public Safety Training Center on right.

From I-95
I-95 to Dumfries Road (VA 234) Exit 152. Take Dumfries Road North approximately 9 miles. Turn left onto Aden Road (S.R. 646). Go approximately 1.5 miles to right onto Carriage Ford Road. Travel approximately 2 miles to Public Safety Training Center on right.

From U.S. 17
U.S. 17 North to traffic signal. Turn right onto Virginia 28 North to traffic signal at Fitzwater Drive. Turn right onto Fitzwater Drive. Cross railroad tracks and go to stop sign. Turn right onto Aden Road (S.R. 646). Go approximately 1.5 miles to right onto Carriage Ford Road. Travel approximately 2 miles to Public Safety Training Center on right.

From U.S. 29
U.S. 29 North to right onto VA 28. Travel VA 28 North to Fitzwater Drive. In the village of Nokesville, turn right onto Fitzwater Drive. Cross railroad tracks and go to stop sign. Turn right onto Aden Road (S.R. 646). Go approximately 1.5 miles to right onto Carriage Ford Road. Travel approximately 2 miles to Public Safety Training Center on right.
Course Name: **ADVANCED CARDIAC LIFE SUPPORT (ACLS)**

Coordinated By: EMS Program—ALS Tech II

**PREREQUISITES:**

- **American Heart Association:**
  - Current AHA HCP CPR certification

- **PWC:**
  - Certified as an EMT-I or EMT-P

**COURSE LENGTH:**
- 16 hours (Full certification course)
- 8 hours (Recertification—attend day one)

**COURSE DESCRIPTION:** Follows the American Heart Association’s curriculum for ACLS. Students enhance their skills in treating adult victims of cardiac arrest and other cardiopulmonary emergencies through ECG recognition, code team management and communication, pharmacology, and advanced life support techniques and procedures.

**TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION:** AHA ACLS Course Completion Card

**REQUIRED GEAR:** None

**HOW TO REGISTER:** Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Prince William County personnel should follow DFR Procedure 4.5.1.

*Deadline for registration is two weeks prior to the beginning date of class or as specified on the training advisory.*

PREREQUISITES:

- Certified as an EMT-I or EMT-P (National Registry, Virginia Reciprocity eligible or Virginia level).

COURSE LENGTH: 9 hours

COURSE DESCRIPTION: All CME's are designed to provide the 72 hours required by the National Registry for the Paramedic level recertification. The CME's are presented in nine hour blocks, four times a year for a total of eight classes over a two year cycle. Prince William ALS providers must attend all classes and pass all end of course exams to be eligible for waiver of the Commonwealth’s recertification exam.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: CE credits awarded

REQUIRED GEAR: See specific session’s Training Advisory

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Prince William County personnel should follow DFR Procedure 4.5.1.

Deadline for registration is two weeks prior to the beginning date of class.

Course Name: ALS CONTINUING MEDICAL EDUCATION (CME)

Coordinated By: EMS Program—Lieutenant
PREREQUISITES:

- **PWC:**
  - Currently certified as an EMT-I or EMT-P (National Registry, Virginia Reciprocity eligible or Virginia level)
  - Must be PWC BLS Endorsed

COURSE LENGTH: 24 hours

COURSE DESCRIPTION: This class is designed for the certified ALS provider prior to starting their ALS Field Internship Program. Developed in concert with Prince William County’s Operational Medical Director, this course is designed to refine the ALS provider’s knowledge, skills, and abilities. Students must possess a strong knowledge of ALS skills and education, as well as be familiar with 12-lead ECG recognition and diagnosis.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: CE credits awarded

REQUIRED GEAR: Stethoscope

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Prince William County personnel should follow DFR Procedure 4.5.1.

*Deadline for registration is two weeks prior to the beginning date of class.*

</tbody>
</table>
PREREQUISITES:

- Current AHA HCP CPR certification
- Have held AHA HCP CPR certification for a minimum of one year
- Required to demonstrate proficiency in CPR knowledge and skills by attending a pretest prior to class start

COURSE LENGTH: 16 hours

COURSE DESCRIPTION: Follows the American Heart Association’s curriculum for CPR BLS instructor certification. In addition to demonstrating CPR knowledge and skills, students will learn how to utilize AHA CPR teaching resources and how to maintain and decontaminate the equipment used in a typical CPR class. Newly certified instructors will also be required to be monitored when teaching their first course within three months of completion of the instructor course.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: Upon completion of course and required monitoring, will receive AHA BLS Instructor certification (must meet AHA renewal requirements every two years to maintain certification)

REQUIRED GEAR: None

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Limit of 10 students per class.

*Deadline for registration is two weeks prior to the first skills testing date.*

PREREQUISITES:

State:
- Be proficient in reading, writing and speaking the English language
- Be a minimum of 16 years of age at the beginning date of the certification course. If less than 18 years of age, a completed parental permission verifying approval for enrollment in the course is required.
- Current approved CPR certification
- Have no physical or mental impairment that would render them unable to perform all practical skills required for that level of certification
- Not have been convicted of or found guilty of any crime, offense or regulatory violation, or participated in any other prohibited conduct identified in state EMS regulations

PWC:
- Infection Control
- Stress First Aid
- Current AHA HCP CPR certification
- HazMat Awareness
- EMS Billing Documentation and HIPAA Training

COURSE LENGTH: 154+ hours

COURSE DESCRIPTION: Course will follow the Virginia EMS Education Standards derived from the USDOT National EMS Education Standards. PWC course will exceed the national training hour minimums. The course will teach students all skills necessary to provide emergency medical care as a BLS provider and include topics such as: anatomy and physiology, oxygen therapy and airway maintenance, trauma and medical care, patient assessment, and many others. Students must complete a 10 hour clinical component and will receive standardized cognitive and psychomotor skills exams at the completion of the course.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: Upon successful completion of Virginia examinations, a certification card will be issued by Virginia Office of EMS

REQUIRED GEAR: See course syllabus for class specific requirements

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers.

Deadline for registration is two weeks prior to the beginning date of class or as specified on the training advisory.

- EMS Billing Documentation and HIPAA Training

COURSE LENGTH: 1400+ hours

COURSE DESCRIPTION: This program is designed to certify individuals to the highest level of pre-hospital advanced life support care available in Virginia. This program fulfills all the requirements of the Virginia EMS Education Standards at the paramedic level. The program expands on the skills and subjects contained in the Intermediate courses. This is an intensive program containing over 1400 hours of didactic and practical class time, as well as, clinical and field rotations. Students must be prepared to devote time to the program and personal study.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: Program certificate and upon successful completion of National Registry exam, a certification will be issued by the National Registry of EMTs.

REQUIRED GEAR: None

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Prince William County personnel should follow DFR Procedure 4.5.1.

Deadline for registration is two weeks prior to the beginning date of class.

PREREQUISITES:

**American Heart Association:**
- Current AHA HCP CPR certification

**PWC:**
- Student must be either enrolled in an EMT-I or EMT-P class or already certified as an EMT-I or EMT-P

**COURSE LENGTH:**
- 16 hours (Full certification course)
- 8 hours (Recertification—attend day one)

**COURSE DESCRIPTION:** This curriculum follows the American Heart Association’s standard. Students must possess a working knowledge of pediatric anatomy and physiology to gain the most success out of this class. This class tasks students with many of the same goals as ACLS, but with a pediatric specific guidelines and pathophysiology.

**TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION:** AHA PALS course completion card

**REQUIRED GEAR:** None

**HOW TO REGISTER:** Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers.

*Deadline for registration is two weeks prior to the beginning date of class or as specified on the training advisory.*

PREREQUISITES:

State: None

PWC: None

COURSE LENGTH: 1 hour

COURSE DESCRIPTION: This class provides an introduction for the new fire and rescue provider about some of the many stressors faced. It also helps identify healthy versus unhealthy coping habits when dealing with stress. The class helps new providers acclimate to the fire and rescue environment and provides them with a list of resources should they encounter a call or situation that troubles them.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: PWC Certificate

REQUIRED GEAR: None

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers.

This is a self paced viewing of a PowerPoint program on Blackboard. Students can request the class material from their training officer and complete a PWC class roster upon course completion. Completed rosters are to be returned to the student’s training officer for signature and forwarding to the PSTC for processing of an attendance certificate.

PREREQUISITES:

**State:**
- Be a minimum of 16 years of age at the beginning date of the certification course. If less than 18 years of age, a completed parental permission verifying approval for enrollment in the course is required.
- Firefighter I/II (or currently enrolled)
- HazMat Operations

**PWC:**
- Current medical clearance from DFR Health & Safety (Current Fit Test, NFPA 1582 Physical, OSHA Respirator Questionnaire)

COURSE LENGTH: 16 hours

COURSE DESCRIPTION: This class will provide training for every member of the team to survive the worst event on the fire ground using self-rescue techniques. Topics covered include two-in/two-out, firefighter self-rescue, flashover recognition, building construction for firefighter safety, firefighter accountability and other safe fire ground skills.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: VDFP Certificate

REQUIRED GEAR: Full turnout gear and MSA facepiece; PSTC will supply students with an airpack

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officer. Prince William County personnel should follow DFR Procedure 4.5.1.

Deadline for registration is two weeks prior to the beginning date of class.

HTR Courses Offered
Course Name: 

INTRODUCTION TO TECHNICAL RESCUE MODULE 1

Coordinated By: Leadership & Management Programs—Technical Rescue Lieutenant

PREREQUISITES:

State:
- Be a minimum of 18 years of age at the beginning date of the certification course

PWC:
- Infection Control
- Current AHA CPR HCP
- Stress First Aid
- HazMat Operations

COURSE LENGTH: 8 hours

COURSE DESCRIPTION: This course provides a foundation to prepare students for a wide variety of possible rescue operations based on objectives from NFPA 1006 Standard on Technical Rescuer Professional Qualifications, Search and Rescue Incidents.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: VDFP Certificate

REQUIRED GEAR: None

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Prince William County personnel should follow DFR Procedure 4.5.1.

Deadline for registration is two weeks prior to the beginning date of class.

PREREQUISITES:

State:
- Be a minimum of 18 years of age at the beginning date of the certification course
- Firefighter I or verification OSHA 1910.134 PPE Respiratory Protection requirements for SCBA
- Introduction to Technical Rescue Modules 1 and 2
- Rope Rescuer Level I

PWC:
- Infection Control
- Current AHA CPR HCP
- Stress First Aid
- HazMat Awareness
- Firefighter I or EMT (must have SCBA training)
- Current medical clearance from DFR Health & Safety (Current Fit Test, NFPA 1582 Physical, OSHA Respirator Questionnaire)

COURSE LENGTH: 16 hours

COURSE DESCRIPTION: A course designed to examine hazard recognition, victim access, stabilization and retrieval. Advanced practical and classroom sessions focus on the three primary hazards associated with confined space entry: physical, atmospheric and psychological.

TYPE OF CERTIFICATION ISSUED UPON SUCCESSFUL COMPLETION: VDFP Certificate

REQUIRED GEAR: Full turnout gear and SCBA

HOW TO REGISTER: Volunteer members should follow their departmental procedures on obtaining approval for courses through their training officers. Prince William County personnel should follow DFR Procedure 4.5.1.

Deadline for registration is four weeks prior to the beginning date of class.
