# Potomac River Commuter Ferry Feasibility Study & RPE Results

## Table of Contents

**Study Team and Acknowledgements**

### Chapter 1 Executive Summary

- **Section 1.1** Introduction  
  Page 1
- **Section 1.2** RPE Methodology  
  Pages 1-2
- **Section 1.3** RPE Observations & Results  
  Pages 2-3
- **Section 1.4** Proposed Ferry Service Characteristics & Plan  
  Pages 3-4
- **Section 1.5** Capital Costs  
  Page 5
- **Section 1.6** Operational Costs  
  Page 5
- **Section 1.7** Fare Determination  
  Page 5
- **Section 1.8** Travel Demands and Final Analysis  
  Page 6
- **Section 1.9** Conclusions & Recommendations  
  Pages 6-7

### Chapter 2 Introduction

- **Section 2.1** Background  
  Page 8
- **Section 2.2** Project Goal  
  Pages 8-9
- **Section 2.3** Approach  
  Pages 9-11
- **Section 2.4** Previous Reports & Current Operations  
  Page 11

### Chapter 3 Methodology

- **Section 3.1** General  
  Page 12
- **Section 3.2** Service Point Selection  
  Pages 12-19
- **Section 3.3** Vessel Selection  
  Pages 20-21
- **Section 3.4** Route Proving Exercise Planning  
  Pages 21-22
- **Section 3.5** Wave/Wake Measurement  
  Pages 22-24
- **Section 3.6** Noise Testing  
  Pages 24-26

### Chapter 4 RPE Observations and Results

- **Section 4.1** RPE Observations  
  Page 27
- **Section 4.2** Timing Measurement Results  
  Pages 27-41
- **Section 4.3** Wave Measurement Results  
  Page 42
- **Section 4.4** Noise Measurement Results  
  Pages 43-48

### Chapter 5 Service Plan

- **Section 5.1** General  
  Page 49
- **Section 5.2** Required Vessel Characteristics  
  Page 49
- **Section 5.3** Anticipated Travel Times  
  Pages 49-55
- **Section 5.4** Proposed Schedule/Headways  
  Pages 56-63
- **Section 5.5** Potential Commuter Ferry Impacts  
  Pages 64-65

### Chapter 6 Capital Costs

- **Section 6.1** General  
  Page 66
- **Section 6.2** Service Point Capital Costs  
  Pages 66-74
- **Section 6.3** Transportation Capital Costs  
  Page 75
- **Section 6.4** Capital Cost Summary  
  Page 75
- **Section 6.5** Sources of Funding  
  Page 75

### Chapter 7 Operational Costs

- **Section 7.1** General  
  Page 76
- **Section 7.2** Assumptions  
  Page 76
- **Section 7.3** Operational Cost Estimates  
  Pages 76-78

### Chapter 8 Fare Determination

- **Section 8.1** General  
  Page 79
- **Section 8.2** Fare Box Recovery Analysis  
  Page 79
- **Section 8.3** Fare Determination  
  Pages 80-81
# Potomac River Commuter Ferry Feasibility Study & RPE Results

**Table of Contents**

## Chapter 9 Service Demands & Final Analysis
- Section 9.1 General ................................................. Page 82
- Section 9.2 Review of VDOT Trip Demand Analysis ...... Pages 82-83
- Section 9.3 Analysis of Existing Conditions ................. Pages 84-85
- Section 9.4 Adjustments to VDOT 2000 Ridership Prediction Pages 85-86
- Section 9.5 Modal Shift ............................................ Page 86
- Section 9.6 Comparison to PRTC and VRE Service ......... Page 87

## Chapter 10 Conclusions and Recommendations
- Section 10.1 RPE Findings ....................................... Pages 88-91
- Section 10.2 Conclusions ......................................... Pages 91-95
- Section 10.3 Recommendations ................................. Pages 94-95

## Appendices
- Appendix 1 Previous Potomac River Commuter Ferry Studies
- Appendix 2 RPE Schedule
- Appendix 3 Time Measurement Sheets and Trimble Data Sheet
- Appendix 4 Wave Measurement Plan & MacroWave Data Sheet
- Appendix 5 Noise Measurement Plan
- Appendix 6 Hourly Weather 5/2/09 to 5/11/09
- Appendix 7 RPE Run Result Maps
- Appendix 8 Route Segment Maps
- Appendix 9 Route Breakdown by Segment
- Appendix 10 Wave Measurement Graphs
- Appendix 11 Noise Measurement Results
- Appendix 12 Potential Sources of Funding
- Appendix 13 VDOT 2000 Commuter Ferry Feasibility Report Trip Forecasting Procedure
- Appendix 14 HOT Lanes Presentation of Survey Results
- Appendix 15 Synopsis of Selected Existing Ferry Services
