# CLIMBING YOUR FAMILY TREE

*Want to discover your family's history? Here are answers to questions we are often asked.*

## 1. HOW DO I BEGIN TO SEARCH FOR MY ANCESTRY?

- *Ask your family, even aunts and uncles, to tell you what they know.*
- *Use documents, photos and mementos at home to provide clues.*
- *Write the information in a systematic way. (Forms, charts and software can help.)*
- *Determine full names, dates, and places, wherever you can.*
- *Identify the source of each fact. (Who told you that?)*
- *Make a list of the next questions you want to ask.*

*After you've done your legwork at home, it will be time to explore the world of information outside – at the library, on the internet, and in many other places.*
