Planning My 4-H Project

What would you like to do in your 4-H project this year? You might want to go fishing with your club or learn how to launch rockets. Perhaps you would like to clean up your neighborhood or learn to make pizza. The possibilities are endless!

This page is designed for you to record what you want to do land learn this year. The things you plan to do and learn are called *goals*. Goals can be completed alone or with your 4-H friends.

Look in your project book for ideas, talk to your 4-H leader and ask your friends. You may think of new goals during the year. If so, just add them to your plan along with the month you think you will do them.

My Project Goals

My Project Activities

Think about what you have learned in your project and write down your experiences. Tell us about the new knowledge you have gained. Be sure to include new skills you have learned. Use numbers to show how much you did, how many items you made, how much money you earned or saved, etc. Include any community service activities you have done related to your project.

If you were to continue in the project what new things would you like to learn about your subject. What are your future goals?			
As an 11-12 year old, you are beginning to assist other 4-H members and adults with projects and activities. Use the space below to list the ways you shared with others.			

Express Yourself

Use your creativity in this section to tell special things about your project. Include pictures, news clippings, drawings, collages, poems, or anything else you have collected or done in your project this year. Place your Project Book/curriculum and your additional pages behind this page.
