### Farmer's Market Workshops Start Tonight!

Prince William 4-H's Entrepreneurship Project begins tonight with the first of four workshops to prepare our young entrepreneurs with a set of new skills aimed at business development. The project will help youth formulate product ideas, create a business plan, develop a product, and put the plan into action, transforming ideas into sales at local Farmers' Markets. 4-H'ers will work together to learn the basics of business through hands-on experience that will SPARK ideas and grow the next generation of business leaders.

Tonight's working meeting will begin by exploring participants' talents, hobbies, and interests. Working as teams, the youth will begin developing a business plan and discovering how their talents can be valuable to the project. 4-H'ers will also create their business names.

Prince William 4-H received many applications to participate in the project. Congratulations to these young entrepreneurs!

Our 4-H'ers were fortunate to meet two women who are "Gold Star" family members. Each of them lost a loved one and were honored at the dinner. 4-H'ers learned their stories, growing compassionate **HEARTS.**

The Wellness Wednesday 4-H'ers used their **HEADS** to write special notes on cards attached to flowers that were used to decorate the tables and were then given to the Gold Star families along the run on Sunday. Jim, Aiden, and Katie ran a mile with Virginia Run for the Fallen - putting their new **HEALTH** to the test!

This is the second year that Prince William 4-H'ers have supported and participated in Virginia Run for the Fallen. ### Service Learning Projects

Turn Your Community Service into a Service Learning Project

**Learning is fun!** Put your **Head, Hearts, Hands and Health** to greater good with a Service Learning Project. Not only will you do good for the community, but you will take pride in the journey by documenting your work and learning how to become an even better citizen and leader. Service Learning Projects are documented community services that begin by identifying a need, setting a goal, creating steps for the project, and assessing the process and how well you met your goal.

**Why Choose a Service Learning Project?** A Service Learning Project transforms your good deeds to learning moments. Understanding donation collections, organizing volunteers, distributing goods, and more, further develops your understanding of the needs of the world around you and how you can impact the community.

**What Can be a Service Learning Project?** Any community service can be a Service Learning Project. The only difference is planning, documenting, and assessing.

#### STEP 1

Review Virginia 4-H's guide "[Conducting Community Service Learning Projects](#)"

#### STEP 2

Use the appropriate PWC 4-H project record book to record your goals, track your activity and reflect on your learning... You will have a complete project record book that you can submit on its own, or you can add it to your 4-H portfolio.

Turn these in for judging at the end of the 4-H year! (Find out more at [Portfolio and Presentation Training on October 29th!](#))

Join us for the return of our 4-H Tree Seedling Project! Boxes of seedlings arrived at our office today and are ready to plant. Use your hands, heart, head and health to help the environment and make our world a better place for generations to come.

# 4-H IS A COMMUNITY FOR ALL

For more than 100 years, 4-H has been the nation's leading youth organization to welcome young people of all beliefs and backgrounds, giving youth voice to express who they are and how they make their lives and communities better.

**"TALENT IS EVERYWHERE. OPPORTUNITY IS NOT."**

As the youth development arm of Virginia Cooperative Extension, Virginia 4-H works throughout the commonwealth to help all youth learn by doing to help them become the best versions of themselves. 4-H youth are empowered to be upstanding citizens who are actively engaged in their communities and around the world.

Virginia 4-H helps youth find their voice to be leaders in their communities and empowers them to make positive change.

Virginia 4-H believes that diverse perspectives, values, and beliefs help generate better ideas to solve the complex problems of a changing—and increasingly diverse—world. Likewise, we believe that we must create opportunity for all regardless of the individual's background or identity.

To achieve this, Virginia 4-H will continue to promote opportunities within multiple delivery modes and in the areas of Agriculture, Civic Engagement, Healthy Living, STEM, and beyond while embracing what makes each 4-H member and volunteer unique. We are committed to being intentional in our approach by embracing the essential elements described here as well as other core tenets of positive youth development.
