The Prince William Health District What You Should Know:

THE PRINCE WILLIAM HEALTH DISTRICT OPENS COMMUNITY TESTING CENTER FOR COVID-19 TESTING

The Prince William Health District, in partnership with Ashbritt, IEM Health, and Prince William County opened a Community Testing Center (CTC) at the Pfitzner Stadium Complex, 7 County Complex Ct. Woodbridge, VA. 22192,

The CTC opened on Thursday January 13, 2022, to provide free Polymerase Chain Reaction (PCR) testing for COVID-19 in order to increase testing availability in response to public demand. This is a laboratory run test, and the PCR test results are usually available within a few days. PCR tests are very effective in detecting an active COVID-19 infection, even if asymptomatic.

The CTC will operate by appointment only and be open from 9:00 to 5:30, Saturday to Thursday. To find an appointment, visit vase.vdh.virginia.gov/testingappointment. Two days of appointment slots will be available on days when the testing site is open. CTC test results will be automatically sent via text or email message to individuals being tested, based on the information provided by the individual in the appointment system.

- **CTC CLOSED SUNDAY JANUARY 16, DUE TO POTENTIAL INCLEMENT WEATHER**

Things to keep in mind about the CTC:

1. **If you can't make it to your appointment or find another testing location, please cancel your appointment.** This will free up appointments for other residents.

2. If you go to the scheduling site online and can't find the CTC location, it could mean that all the appointments have been taken. Keep checking, expand your search to 100 miles and increase the number of days - the time span - you are searching.
3. **CTCs are closed on Fridays, and are Blackout days to allow our lab partners to get results back.** On Fridays at noon, appointments open up for **Saturday & Sunday appointments.**
4. **Can't find an appointment.** When there are no more appointments available you can not book for a later date, or more than 2 days out. Make sure your search uses 100 mile radius. Try back another day for appointment availability.

Community Vaccination Center and Manassas Mall

Appointments are highly recommended, walk-ins are welcomed.
