MESSAGE FROM THE SUPERINTENDENT

During FY 2012, the Adult Detention Center (ADC) completed the first phase of the repair project to the Modular Building. We look forward to Phases 2 and 3 which should be completed in 2014.

Staff received several accolades to include twenty graduates from two Jail Basic Academies. Five staff members were awarded employee of the quarter for their exemplary conduct. For the fourth straight year, the agency participated in the LawFit Challenge comprised of law enforcement agencies throughout the country with a competitive and excellent finish. One of our team members finished in the top five in the Bench Press competition.

The ADC continues to serve the community where needed; involved in a local food drive, participated in the Santa Cops program for children in the community, Un-Trim-A-Tree for underprivileged children, assisted with the annual Senior Center picnic, raised several thousand dollars for the Muscular Dystrophy Association (MDA), supported Good News Jail & Prison Ministry and an Educational Scholarship as our adopted charities, and participated in the United Way campaign. A special project for staff this year was a coat drive where new or slightly used children’s coats were donated to Prince William County Social Services.

The agency continues to provide many programs to the inmate population, which assists with their return to the community. Programs include the General Educational Development (GED), Life Skills, Drug Treatment, Religious Programs, etc with assistance of over three hundred volunteers.

As the agency looks ahead into the future, our commitment to protect and serve the community while operating a safe and secure environment, remains the number one priority. We will continue to offer a wide variety of progressive rehabilitation programs to the inmate population in order to assist a positive re-entry into the work place.

INMATE SERVICES

SECURITY

The Prince William-Manassas Regional Adult Detention Center has 172 staff assigned directly to the Security Section. This section consists of four security shifts; each shift has one Lieutenant, two First Sergeants, four Sergeants and thirty-five sworn staff. They are responsible for the safety and security on twenty-four housing units located in the Central, Main and Modular buildings with an average daily inmate population of 862.

Unit 13 – Main Facility

Security is also responsible for the Central lobby information desk. Their tasks include:
- Assist the general public with questions regarding people that are incarcerated.
- Providing bond and court information.
- Coordinate daily inmate visiting.
- Conduct legal non-contact visiting for attorneys and monitor contact legal visits.
- Operate and maintain the x-ray machine as well as the metal detector.
- Assist the security shifts when needed.

TACTICAL RESPONSE TEAM

The Tactical Response Team (TRT) was formed in late 1982. The Officer-in-Charge (OIC) holds the rank of Lieutenant and reports directly to the Director of Security. The assistant OIC holds the rank of First Sergeant and serves as the team’s Communications Officer. There is a Rapid Response Team consisting of six members who can respond to an incident; an Entry Team trained in entry and search of an assigned area; and an Arrest Team trained in the arrest of inmates causing disturbances.

Two members of the team are certified instructors with the Department of Criminal Justice Services (DCJS) with one member as a Defensive Tactics instructor. The TRT has received Emergency Vehicle Operator Course (EVOC) training for high risk transports and weapons training. The team has completed the Community Emergency Response Team (CERT) program through the Department of Homeland Security. They have also completed courses in Incident Command through the Federal Emergency Management Agency (FEMA). Ongoing training is provided by the instructors on the team with assistance from the Adult Detention Center’s Training Department.
CLASSIFICATION

The Classification Department is responsible for interviewing inmates to determine custody levels and oversees disciplinary procedures for rule infractions. They also manage inmate programs, recreation and inmate workers.

A wide variety of programs and services is provided for the inmates. They include General Educational Development (GED) Alcoholics Anonymous, Narcotics Anonymous, Parenting Skill classes, Church Services and Bible Study. This area is supervised by an Inmate Programs Coordinator with classes provided by many volunteers. Volunteers attend a three-hour orientation session which covers information on the inmate population, classification levels, rules, regulations and helpful ideas to create a safe environment for them while working at the jail. They will visit the living and recreation areas, and the program rooms. The most recent addition for this fiscal year is volunteers who help inmates with mental disorders by providing Peer Support Groups. There are approximately 390 people participating in the Volunteer Program.

For this fiscal year, the Classification Section accomplished:
- 33 inmates graduated with a GED
- 5,450 inmates classified
- 10,104 inmate files reviewed
- 9,240 participated in inmate religious services
- 1,828 inmates utilized the Law Library
- 6,459 volunteer hours

MEDICAL

Classification works closely with the Medical and Mental Health Section to evaluate and decide the best course of care for inmates with special needs who are mentally or physically challenged.

The Medical Section is comprised of Registered and Licensed Practical Nurses, Corrections Health Assistants, as well as two Mental Health Therapists. Medical has examination rooms, a nurse’s station and a negative pressure room designed to accommodate inmates with respiratory diseases.
Medical continues to strive giving inmates the best care possible by qualified personnel. Statistics for Fiscal Year 2012:

- 3,333 daily sick call visits by nursing staff
- 1,074 visits by inmates to the Physician
- 1,691 visits by inmates to the Dentist
- 12 emergency mental health commits
- 1,242 mental health group and individual visits

**WORK RELEASE**

The Work Release Program offers inmates the opportunity to maintain employment or seek new employment while incarcerated. This also provides an opportunity to financially support their families, pay court costs and fines. The program has strict guidelines for placement that inmates must qualify. This program works closely with employers, probation officers, family members and the court system.

Global Positioning System (GPS) units and random drug testing are some of the tools used by staff to monitor the inmates on the program. Many inmates who have a substance abuse background are required to attend programming such as Alcoholics Anonymous (AA) and Narcotics Anonymous (NA), among other life skill classes.

The Work Release Section participates in the Adopt-A-Spot Program for the City of Manassas and collects several hundred bags of trash. They have participated in several outside events including the Prince William Senior Center Picnic and the Good News Jail & Prison Ministry Banquet. During these events the inmates were involved in set-up, serving of food and clean-up. Statistics for Fiscal Year 2012:

- 64 average daily population
- 261 number of successful completions
- 984 placements
**WORK FORCE**

The Work Force Program consists of inmates who have been screened and meet the criteria to perform community-based work under the supervision of an armed officer of the Adult Detention Center.

Daily work activity for the Work Force includes seasonal mowing and landscaping several properties in Prince William County and the City of Manassas. They provide services to the Judicial Complex and a number of historical cemeteries. The program is responsible for some janitorial services in Prince William County and litter details along the roadways. During inclement weather they assist in the removal of debris, snow and ice.

A special project this fiscal year for the Work Force was the relocation of the Records Center for Prince William County. Tasks included moving over 20,000 records to the new warehouse; 238.5 staff hours and 1,431 inmate hours.

Several inmates who participate in the Work Force Program move on to be successful in the Work Release Program. The criteria for both programs are similar with the exception of length of time to serve. Time spent on the Work Force helps develop good work habits and prepare them for labor-oriented jobs. For many of the inmates it is the first time they have had this level of day-to-day commitment in a work setting.

**ELECTRONIC INCARCERATION PROGRAM**

Electronic Incarceration Program (EIP) is an extension of the Work Release Program. Inmates on this program are able to remain at home and work in the community. All EIP participants are monitored by Global Positioning System (GPS) units to ensure compliance with program rules and regulations. Statistics for Fiscal Year 2012:

- 35 EIP placements
- 27 completions
- 11 removals from EIP
- 1 inmate court ordered to EIP
- 13 average daily population
GOOD NEWS JAIL & PRISON MINISTRY

The chaplaincy services inside the Adult Detention Center (ADC) are facilitated through Good News Jail and Prison Ministry and are overseen by Chaplain Raymond Perez.

Chaplain Perez is associated with the following groups:

- Prince William County Reintegration Committee
- Prince William Ministerial Association
- DIVERT Group – Mental Health Diversion Program

- Oversee male and female faith-based programs.

Statistics for this fiscal year:

- 57 men and 11 women graduated from their respective faith-based programs known as the MIND (men in new direction) and WIND (women in new direction) dorms.
- 3,653 inmates attended religious programs and 9,240 attended 1,065 religious services.
- There were more than 6,459 volunteer hours and 430 volunteer lead groups.

As always, the Good News Jail & Prison Ministry banquet was a success with past offenders and citizen leaders present to give their story. This event raises support and awareness of what the ministry accomplishes. There was also a golf tournament to help raise funds for this much needed service to the inmate population.
D&A BEHAVIORAL SOLUTIONS

It is with great sadness that D&A Behavioral Solutions, Inc. (DABS) reports the passing away of its President, Mr. Richard A. “Doc” Shaw, Sr., on April 8, 2012. His dedication and contributions as a co-founder of DABS, co-author, developer, and facilitator of the DABS Life Management Program and service to the Prince William-Manassas Regional Adult Detention Center (ADC) were immeasurable. Upon his passing, Ms. Anita Sager assumed the position of President. DABS successfully continue to provide reintegration services for the overall general inmate population of the ADC.

The attention given to the elements of behavior awareness and modification augments the quality of the internal security of the ADC and the community at large by inspiring the inmates to give greater consideration to the logic of their learned thinking/beliefs and subsequent behavior. The ultimate goal is to have a positive effect toward reducing recidivism and encouraging the attendees to return to society as productive citizens.

Enrollment in the DABS program is on a volunteer basis. For FY 2012, DABS facilitated a total of 236 classes with approximately 760 attendees. Re-enrollment requests, multiple levels of certificate achievements, voluntary essay responses, and a waiting list for DABS classes reflect continued interest in the program. Most of DABS core essays, exercises and all tests are also in Spanish.

DABS provided 92 personal counseling sessions, clothing assistance with 389 items of clothing issued and a variety of re-integration referral and resource information to the ADC inmate population.

Community service opportunities are offered to a variety of entities with a total of 505.5 hours in FY 2012, including 251.5 hours for court-mandated individuals from Prince William-Manassas Courts referred by Volunteer Prince William.

In addition, DABS continues its sponsorship of students and interns by fulfilling requirements of hours and educational experiences for completion of course studies. Pictured is DABS 2012 intern from Park University who completed 135 hours toward his degree in Criminal Justice.

In November of 1989, Dr. David L. Bever, a professor of health education at George Mason University, developed the LawFit Program for law enforcement personnel. Since the inception of LawFit, there has been a significant increase in the levels of fitness of officers who have participated.

The LawFit Challenge consists of a series of fitness and job-related competitive events:

- One minute timed sit-up test;
- Sit and reach flexibility test;
- Maximum pull-up test;
- 200-yard agility course; and
- 1.5 mile run.

The Adult Detention Center participated in the 10th Annual LawFit Challenge which was held October 13-15, 2011, at George Mason University in Fairfax, Virginia. Prince William-Manassas Regional Adult Detention Center’s Employee Association

The Employee Association participates in community service projects, holds fundraisers and special events for the employees of the Adult Detention Center. This past year, the Association hosted a pizza party and ice cream social for the employees during Correctional Employee Week and a number of retirement luncheons for veteran employees who have served the agency. The annual golf tournament was a huge success raising a substantial portion of the annual budget for the Association. A fall festival and Easter egg hunt for the children were a success. A Detention Center favorite was Santa Cops 2011. Local law enforcement takes underprivileged children in the area to Wal-Mart for a morning of Christmas shopping and breakfast sponsored by Chicago Uno’s. Another special project was the 2nd Annual Coat Drive to benefit underprivileged children in the area. Each year the Association hosts a Christmas Party for the employees of the Adult Detention Center to include a buffet dinner, prizes and dancing.
