MESSAGE FROM THE SUPERINTENDENT

During FY 2013, the Adult Detention Center (ADC) completed the first phase of the repair project to the Modular Building, and has begun Phases 2 and 3 which should be complete in FY 2015.

Staff received several accolades to include nineteen graduates from two Jail Basic Academies. Sergeant Allen West received Prince William County’s Employee of the Month for May 2013 for the implementation of the Re-entry Resource Fair, which was designed to give inmates access to terrific resources, both private and public, when they are released in hopes of reducing their chances of returning to the ADC.

The ADC continues to serve the community where needed: involved in a local food drive, participated in the Santa Cops program for underprivileged children, Un-Trim-A-Tree for underprivileged children, assisted with the annual Senior Center picnic, supported Good News Jail & Prison Ministry and an Educational Scholarship as our adopted charities, and participated in the Charitable Giving campaign. A special project for staff was a coat drive where new or slightly used children’s coats were donated to Prince William County Social Services, and Feed the Homeless.

The agency continues to provide many programs to the inmate population, which assists with their return to the community. Programs include the General Educational Development (GED), Life Skills, Drug Treatment, Religious Programs, etc. with assistance of over three hundred volunteers.

As the agency looks ahead into the future, our commitment to protect and serve the community while operating a safe and secure environment, remains the number one priority while offering a wide variety of progressive rehabilitation programs to the inmate population in order to assist a positive re-entry back into their community.

INMATE SERVICES

SECURITY

The Prince William-Manassas Regional Adult Detention Center has 172 staff assigned directly to the Security Section.

This section consists of four security shifts; each shift has one Lieutenant, two First Sergeants, four Sergeants and thirty five sworn staff. They are responsible for the safety and security on twenty-four housing units located in the Central, Main and Modular buildings with an average daily inmate population of 958. Pictured left is Pod B of the Central Building.

Security is also responsible for the Central lobby information desk. Their tasks include:
- Assist the general public with questions regarding people that are incarcerated.
- Providing bond and court information.
- Coordinate daily inmate visiting.
- Conduct legal non-contact visiting for attorneys and monitor contact legal visits.
- Operate and maintain the x-ray machine as well as the metal detector.
- Assist the security shifts when needed.

Crime Prevention Month (October 20, 2012). Prince William County Police organizes this event to include all public safety agencies from Prince William County and the Federal government. The event was held so that the public could become familiar with the different law enforcement departments that make the community a safe place to live and work.

TACTICAL RESPONSE TEAM

The Tactical Response Team (TRT) was formed in late 1982. The Officer-in-Charge (OIC) holds the rank of Lieutenant and reports directly to the Director of Security. The assistant OIC holds the rank of First Sergeant and serves as the team’s Communications Officer. There is a Rapid Response Team consisting of six members who can respond to an incident; an Entry Team trained in entry and search of an assigned area; and an Arrest Team trained in the arrest of inmates causing disturbances.

Two members of the team are certified instructors with the Department of Criminal Justice Services (DCJS) with one member as a Defensive Tactics instructor. The TRT has received Emergency Vehicle Operator Course (EVOC) training for high risk transports and weapons training. The team has completed the Community Emergency Response Team (CERT) program through the Department of Homeland Security. They have also completed courses in Incident
Command through the Federal Emergency Management Agency (FEMA). Ongoing training is provided by the instructors on the team with assistance from the Adult Detention Center’s Training Department.

CLASSIFICATION

The Classification Department is responsible for interviewing inmates to determine custody levels and oversees disciplinary procedures for rule infractions. They also manage inmate programs, recreation and inmate workers.

A wide variety of programs and services is provided for the inmates. They include General Educational Development (GED) Alcoholics Anonymous, Narcotics Anonymous, Parenting Skill classes, Church Services and Bible Study. This area is supervised by an Inmate Programs Coordinator with classes provided by many volunteers. Volunteers attend a three-hour orientation session which covers information on the inmate population, classification levels, rules, regulations and helpful ideas to create a safe environment for them while working at the jail. They will visit the living and recreation areas, and the program rooms. The most recent addition for this fiscal year is volunteers who help inmates with mental disorders by providing Peer Support Groups. There are approximately 390 people participating in the Volunteer Program.

For this fiscal year, the Classification Section accomplished:

- 37 inmates graduated with a GED
- 5,229 inmates classified
- 11,937 inmate files reviewed
- 7,966 participated in inmate religious services
- 956 inmates utilized the Law Library
- 5,902 volunteer hours

GED Graduation – January 30, 2013

The Classification Department hosted a number of re-entry fairs for hundreds of inmates who were qualified. These were attended by dozens of organizations both government and privately run that offered services to offenders who face obstacles when re-entering society such as housing, employment and additional counseling.
Sergeant West who at the time was the programs coordinator developed this event and received recognition from a number of agencies to include Prince William County’s Employee of the Month award. Pictured left: Melissa Peacor (Prince William County Executive) and Sergeant Allen West.

MEDICAL

Classification works closely with the Medical and Mental Health Section to evaluate and decide the best course of care for inmates with special needs who are mentally or physically challenged.

The Medical Section is comprised of Registered and Licensed Practical Nurses, Corrections Health Assistants, as well as two Mental Health Therapists. Medical has examination rooms, a nurse’s station and a negative pressure room designed to accommodate inmates with respiratory diseases.

Medical continues to strive giving inmates the best care possible by qualified personnel. Fiscal Year 2013 statistics:

WORK RELEASE

The Work Release Program offers inmates the opportunity to maintain employment or seek new employment while incarcerated. This also provides an opportunity to financially support their families, pay court costs and fines. The program has strict guidelines for placement that inmates must qualify. This program works closely with employers, probation officers, family members and the court system.

Global Positioning System (GPS) units and random drug testing are some of the tools used by staff to monitor the inmates on the program. Many inmates who have a substance abuse background are required to attend programming such as Alcoholics Anonymous (AA) and Narcotics Anonymous (NA), among other life skill classes.
The Work Release Section participates in the Adopt-A-Spot Program for the City of Manassas and collects several hundred bags of trash. They have participated in several outside events including the Prince William Senior Center Picnic and the Good News Jail & Prison Ministry Banquet. During these events the inmates were involved in set-up, serving of food and clean-up.

For many of the inmates it is the first time they have had this level of day-to-day commitment in a work setting.

**ELECTRONIC INCARCERATION PROGRAM**

Enrollment in the program is on a volunteer basis. For FY 2013, the program facilitated a total of 224 classes with approximately 939 attendees.
