MESSAGE FROM THE SUPERINTENDENT

During FY 2016, Architectural and Planning for Phase II Expansion continued due to the growth of the jurisdiction and the inmate population. Phase II is scheduled for completion December 2019. On June 6, 2016 the Modular Facility fully re-opened after a major repair project.

Staff received several accolades to include thirty-four graduates from two Jail Basic Academies. The ADC 287(g) staff received the Service to Homeland Award from the Director of U.S. Immigration and Custom Enforcement. The highest Federal Award from a Department Director. Ten ADC employees received Employee of the Quarter awards for their exemplary service.

ADC staff continues their involvement in the community. Staff provided food and clothing to the area homeless population and participated in the Santa Cops program which provides underprivileged children a Christmas. The ADC supports the Good News Jail and Prison Ministry and the Staff Education Scholarship. Once again, staff participated in Prince William County’s Charitable Giving campaign. This was the second year the ADC participated in the Marine Corps “Toys for Tots” which was a great success. Other initiatives included the Law Enforcement “National Night Out”, ADC 5K Run, 9/11 Memorial 5K Run and Wreaths Across America.

The agency provides many programs to the inmate population, which assists with their return to the community. Programs include the General Educational Development, Life Skills, Drug Treatment, Religious Programs, etc. with assistance of over three hundred volunteers. The Serve Safe Program assists inmates seeking restaurant employment. The Re-entry Fair continues to be a success consisting of forty private and public agencies that assist the inmate population when released. Their services include employment, education, housing, drug treatment, and driver’s license assistance.

This year the Adult Detention Center staff participated in an Evidence-Based Decision Making Initiative along with other stakeholders of the Criminal Justice System. This will be a long term collaboration which will enhance the system. Thanks to the EBDM process, the ADC staff plan to open a Re-entry Dorm for those inmates returning to the community while providing tools needed to succeed and reduce the ADC recidivism rate.

As the agency looks ahead, our commitment to protect and serve the community by operating a safe and secure jail environment remains the number one priority while offering a wide variety of progressive rehabilitation programs to the inmate population in order to assist in a positive re-entry process back into their community.

For FY 2016, this section assisted the Prince William County Commonwealth’s Attorney Office and other outside law enforcement agencies by providing 495 phone recordings and 160 video surveillance footage recordings.

The following inspections and audits were completed:

- Life, Health and Safety Inspection with the Virginia Department of Corrections
- Virginia Department of Corrections Audit of DOC Standards
- Immigration and Customs Enforcement (ICE) Annual IGSA Audit
- Office of Juvenile Justice and Delinquency Prevention Annual Audit
- Fire Marshal Annual Inspection
- U.S. Marshals Service Annual Audit
- Virginia Department of Health Inspection

These inspections and audits review the overall compliance standards in meeting the medical and safety needs of inmates, which also includes staff training and physical condition of the institution.

The agency continues to respond to surveys from the U.S. Census Bureau and U.S. Department of Justice.
INMATE SERVICES

SECURITY

This section consists of four security shifts. Each shift has one Lieutenant, two First Sergeants, four Sergeants and thirty-six jail officers. With an average daily inmate population system-wide of 1,033, the security shifts are tasked with the care and custody of the inmate population. The officers are assigned to the inmate housing units to provide safety for the inmates and to maintain the security of the facility. Each inmate housing unit is staffed twenty-four hours a day, seven days a week.

TACTICAL RESPONSE TEAM

This past fiscal year, members of the Tactical Response Team attended training in February 2016 at the Federal Law Enforcement Training Center (FLETC) in Charleston, South Carolina for “Active Shooter Threat Training Program” and “Active Shooter Threat Instructor Training Program.” TRT members were trained as certified instructors in “OC” spray and Flashbang Diversionary devices. They are always setting their sights on the next level of training to expand on their skills.

(Pictured left to right: Lt. Powell, Sgt. Outland, MJO Molina-Martinez, MJO Carpenter)
Members of the TRT as well as other members of the Adult Detention Center staff take part in events to educate the public on the role the Adult Detention Center plays in the public safety community. “National Night Out” is held every August. Participation in this community event allows law enforcement agencies to promote unity and partnership in fighting crime. It allows the Adult Detention Center to stand shoulder-to-shoulder with citizens at large and openly express a united front against crime in the community. Citizens have the opportunity to meet with Adult Detention Center staff and learn about the agency.

Another event the Adult Detention Center participates in is “Trunk or Treat” which is held every October at the Manassas Park Community Center. TRT members take a lead in the agency’s participation in this event. They interact with the children and their parents, handing out candy and other treats to all the little ones.

CLASSIFICATION

The Classification Section is responsible for interviewing inmates as they are processed into the Adult Detention Center to determine custody levels and where they will be housed. Staff in this section manages the inmate programs, recreation and inmate workers who work in the jail.

This section works closely with Medical and Mental Health in evaluating and deciding the best course of care for inmates who are special needs or who are mentally or physically challenged.
For FY 2016:
- 7 inmates graduated with a GED
- 5,802 inmates classified
- 12,656 inmate custody levels reviewed
- 6,666 inmates attended religious services
- 416 inmates utilized the Law Library
- 3,083 volunteer hours

Prince William-Manassas Regional Adult Detention Center is always looking for ways to reduce recidivism. A new program was the VDOT Flagger and Traffic Control Program. Inmates who passed this course have gained an edge in getting a job in the traffic/construction field and receive a 2-year certification. During this fiscal year 63 inmates received certification.

The Adult Detention Center continues to provide National Restaurant Association’s ServSafe Food Protection Manager’s Course, which teaches people how to safely cook, prepare and store food. During this fiscal year 26 inmates received ServSafe certification.

**MEDICAL**

The Medical Section is comprised of Registered and Licensed Practical Nurses, Corrections Health Assistants and Mental Health Therapists. Medical has examination rooms, a large nurse’s station and a negative pressure room designed to accommodate inmates with respiratory diseases.

Medical strives to give inmates the best care possible by qualified personnel. FY 2016 statistics:
- 4,086 sick call visits by inmates to ADC nursing staff
- 2,083 visits by inmates to the Physician
- 673 visits by inmates to the Dentist
- 21 emergency mental health commits
- 861 mental health referrals
- 222 hospital days
- 206 emergency room visits

**WORK RELEASE**

The Work Release Program affords inmates the opportunity to maintain their employment or seek new employment while incarcerated. This also gives them an opportunity to support their families, pay court costs and fines, and build a savings so that they can get back on their feet once released. The program has strict guidelines for placement that inmates must meet. Located on Euclid Avenue, this program works closely with employers, probation officers, family members and the court system.
Global Positioning System (GPS) units and random drug testing are some of the tools used by staff to monitor the inmates on the program. Many inmates who have a substance abuse are required to attend programs such as Alcoholics Anonymous (AA) and Narcotics Anonymous (NA), among other life skill classes.

The Work Release Section participates in the Adopt-A-Spot Program for the City of Manassas and collects several hundred bags of trash. The inmates on the program participated in several outside events including the Prince William Senior Center Picnic and the Good News Jail & Prison Ministry Banquet. During these events the inmates were involved in set-up, serving of food and clean-up.

Statistics for FY 2016:
- 65 average daily population
- 277 number of successful program completions
- 285 placements on the program

**WORK FORCE**

The Work Force Program consists of inmates who have been screened and meet the criteria to perform community-based work under the supervision of an armed officer of the Adult Detention Center.

Daily work activity for the Work Force includes seasonal mowing and landscaping several properties to include the Judicial Complex and a number of historical cemeteries. The program is responsible for janitorial services in Prince William County and litter details along the roadways. During inclement weather they assist in the removal of debris, snow and ice.
Several inmates participating in the Work Force Program move on to be successful in the Work Release Program. The criteria for both programs are similar with the exception of length of time to serve. Time spent on the Work Force helps to develop good work habits and prepares them for labor-oriented jobs. For many of the inmates, it is the first time they have had this level of day-to-day commitment in a work setting.

**ELECTRONIC INCARCERATION PROGRAM**

The Electronic Incarceration Program (EIP) is an extension of the Work Release Program. Inmates on this program are able to remain at home and work in the community. All EIP participants are monitored by Global Positioning System (GPS) units to ensure compliance with program rules and regulations. They are the lowest risk inmates in our system.

Statistics for FY 2016:
- 9 EIP placements
- 12 EIP completions
- 3 removals from EIP

IMMIGRATION AND CUSTOMS ENFORCEMENT / 287(g) Program

The 287(g) Section began operation on July 10, 2007. Operating within the agreement between Immigration and Customs Enforcement (ICE) and the Prince William-Manassas Regional Adult Detention Center, Jail Officers are trained and certified as Designated Immigration Officers to perform immigration enforcement functions as authorized under section 287(g) of the Immigration and Nationality Act.

This section is comprised of one Lieutenant, one Sergeant and eight officers who report to the Director of Administration. The officers screen all foreign-born inmates, incarcerated for local and state crimes, to determine the immigration status.

Officers within the 287(g) section are required to attend Designated Immigration Officer Recertification training every two years. In FY 2016, eight officers completed the recertification training at the Federal Law Enforcement Training Center (FLETC) in Charleston, South Carolina.

On April 12-14, 2016, the Officer of Professional Responsibility (OPR) for Immigration and Custom Enforcement conducted its bi-yearly inspection of the 287(g) Program at the Adult Detention Center. The inspection resulted in a finding of no deficiencies and no areas of concern.

In May 2016, the 287(g) Unit was awarded the Service to the Homeland Award from Director Sarah Saldana, Director of United States Immigration and Custom Enforcement (ICE). The Service to the Homeland Award is given “for exceptional patriotic and distinguished service that contributes substantially to the ICE mission.” In Director Saldana’s letter of congratulations, she stated, “Director’s Awards recognize the superior achievements of the women and men of ICE and our partners and provide an opportunity for me to spotlight those whose efforts went above and beyond the call of duty.”
