Mr. Sprague was appointed to the Prince William County Community Services Board by the Manassas Park City Council in November 2008. He is currently Manager of Court Services at Arlington General District Court.

After 35 years, multi-tasking is what excites him — deadlines coming from all angles — creating synergy within departments — understanding common goals — and making the battlefield pertinent. He hopes to bring good listening, good communications and relevant insight to his position on the Community Services Board and looks forward to serving the citizens of Manassas Park.

Mr. Sprague has a Master’s Degree in Journalism from Ball State University, Muncie, Indiana, a Bachelor’s Degree in Mass Communications and Psychology from the University of Denver, Colorado and an Associates from Vincennes University in Indiana. As Media Coordinator from 1995-1999, he helped to bring increased recognition to the U. S. Army and the Armor Center at Fort Knox, KY by assisting with the production of documentaries with ABC-TV, Discovery, BBC and many others. He was awarded the highly coveted honorary Master Tanker by the Commanding General, B.B. Bell upon his departure. Prior to that he produced and coordinated a book to close Fort Benjamin Harrison, Indiana by bringing a team of 55 together to document “FBH: Retiring the Colors” — after 90 years service.

Mr. Sprague and his wife Ronda have lived in Manassas Park since 1999. They have one child.
