In your opinion, does the design of this project meet the needs of the community?
YES ______ NO ______

I am not too sure about the location of Slug line
with over 1400 parking spots - how can we handle Slug lines
where we are about 6 lines going
to the city

Do you have any specific concerns regarding the proposed project?
YES _____ NO ______

Slug line needs to be defined and what lines will
be used at this garage. Why do we need
gate?

Would you like to provide any input or recommendations regarding the Environmental Studies to be performed
for the project?
YES ______ NO ______

Please provide us with any additional information which you feel would assist in the completion of this project.

Please make sure interpreters are provided. I’m commuter
and would like to ask questions without writing
them down at the meeting. Please make sure
there is one. I know interpreters canceled
on me at the
last minute

| Robert Palmer   | 1) Request a pre-planning meeting prior to the RFP for small disadvantaged businesses to write to and address any issues and concerns assisting in acquiring a possible award.  
2) Concerned about increases in taxes, residential parking, and trespassing enforcement.  
3) Project needs sidewalks and accessibility.                                                                                                    | 1) This suggestion will be considered by Prince William County for the upcoming procurement process.  
2) Concerns are noted and will be considered on the project going forward.  
3) The project includes ADA compliant sidewalks and access points.                                                                               |
| Shanna Augustine| 1) I am not too sure about the location of the slug line with over 1400 parking spots. How can we handle slug lines; there are about 6 lines going to the city.  
2) Slug line needs to be defined and what lines will be used at the garage; why do we need a gate?  
3) Please make sure interpreters are provided to allow questions to be asked without writing everything down. I understand the interpreter cancelled at the last minute, but be sure there is one next time.  
4) Tip-refreshments would have been nice.                                                                                                           | 1) Based on feedback received at this meeting, the slug line design will be re-evaluated for improvements.  
2) Based on feedback received at this meeting, the slug line design will be re-evaluated for improvements. The gate was in the video, but may not be required.  
3) Concern noted. Prince William County will look to see if multiple interpreters are required in the event this happens again.  
4) Comment noted, but this is not typical for these types of meetings.                                                                           |
| Lynda Silverstrand | 1) Should have bike lockers and bike maintenance tower  
|                   | 2) I foresee a need for restrooms. | 1) Accommodations for bicyclists are planned for consideration as the design progresses.  
|                   | 2) This facility will not have restrooms. |
