Public Information Meeting
VA Route 234/Brentsville Road Interchange Project
Wednesday, March 25, 2020
6:00 p.m. – 8:30 p.m.
Venue:
Lake Jackson Volunteer Fire Department
11310 Coles Dr, Manassas, VA 20112

The Prince William County Department of Transportation invites the public to attend a Public Information Meeting (PIM) to learn more about an upcoming project to construct an interchange at the intersections of Route 234/Route 234-Business and Route 234/Route 294. Currently, these two intersections are approximately 750 feet apart and are signalized. It is the County's intention to eliminate the two at-grade intersections and replace the signals with grade separation bridges as budget for the project would allow.

The purpose of this meeting is to give the public an opportunity to review the project exhibits on display, to engage in information sharing and discussion, review a tentative project schedule, meet with Prince William County representatives, and provide input.

In compliance with the National Environmental Policy Act (NEPA) re-evaluation of a 1994 Supplemental Environmental Impact Statement is underway. Pursuant to the National Historic Preservation Act, Section 106, information concerning the potential effects of the proposed project is included in the environmental document. Updates will be provided to the public on the status of the environmental studies and the re-evaluated Supplemental Environmental Impact Statement at the PIM.

Public can preview the project information and preliminary plans prior to the PIM at the Prince William County Department of Transportation website.

Give your written or verbal comments at the meeting or send them by mail by April 22, 2020, Attention to Dagmawie Shikurye P.E., Project Manager, Prince William County Department of Transportation, at the same address. You may also email your comments to DShikurye@pwcgov.org. Please reference “Route 234/Brentsville Rd Interchange PIM Comments” in the subject heading.
