

The Trails and Blueways Council seeks to further Prince William County's vision of a network of trails and blueways connecting communities, providing recreational, non-motorized transportation, and cultural opportunities. Passive recreation promotes healthy lifestyles, creates economic benefits, and will have a positive impact on the quality of life of the community. The Council will achieve this vision by:

1. Advising the Park Authority Board and the Board of County Supervisors in the development of County-wide trails and blueways in Prince William County.
2. Advocating for the creation and enhancement of trails and blueways on behalf of the residents.
3. Promoting awareness of trails, blueways and their benefits in partnership with the community.
