There is a growing trend nationwide of citizens receiving fraudulent phone calls from people claiming to be affiliated with law enforcement.

You or someone you know might have received phone calls from someone claiming to be the Police Department, Sheriff’s Department, DEA or even the FBI. When you get calls like this do not trust them.

Most alarming is that caller ID shows the name and phone number from a legitimate police agency.

Neither the Prince William County Police nor any law enforcement agency will ever call asking for money. If you receive a call like this do not give them money and contact the police department at 703-792-6500.
