Larcenies from Auto

There have been recent reports of larcenies from autos in the Dumfries (22026) area. Majority of the vehicles were left unsecured and various items, including firearms, were stolen. Most thefts from motor vehicles are preventable. There are just a few things you need to do to prevent them. We are counting on you to do them daily!

Do your part to keep your home and belongings safe:

- Lock all entrances to your home, including garage entry doors. Close overhead garage doors at night. Open or unlocked doors provide quick, easy access to cars, items in garages, and homes.
- Lock vehicles even when they are parked in the garage.
- Lock all vehicles left in driveways or on the street overnight. Thieves can use garage door openers found in unlocked cars to access garages and homes.
- Do not leave valuables such as purses, wallets, keys, electronics, and firearms in cars parked in driveways or garages overnight. Consider tucking them away inside your home, rather than leaving them by the door.

It’s simple - Practice T. L. C.
- Take Out Valuables.
- Lock Your Vehicle, Garage, and Home.
- Call the Police to Report Suspicious or Illegal Activity.
